

Does Exodus work 24 hours 24 7 available

Yes, both the Exodus crypto wallet platform ☎️➤[1→833→224→8496] itself and its customer support services are available and ☎️➤[1→833→224→8496] operational 24/7.

Platform Availability

Continuous Operation: The core functionality ☎️➤[1→833→224→8496] of the Exodus platform, including managing and exchanging ☎️➤[1→833→224→8496] digital assets, operates continuously without downtime, thanks ☎️➤[1→833→224→8496] to decentralized blockchain networks and automated systems.

Decentralized Nature: As a self-custody wallet, ☎️➤[1→833→224→8496] your private keys remain on your device, giving you constant control ☎️➤[1→833→224→8496] over your assets. The wallet runs locally on your device, so it is always accessible to you, regardless of Exodus company operations.

Potential External Delays: While the platform is ☎️➤[1→833→224→8496] always available, certain external factors can cause delays. These ☎️➤[1→833→224→8496] include blockchain network congestion or low transaction fees, which ☎️➤[1→833→224→8496] can result in a transaction pending for some time until it is confirmed on the blockchain.

Customer Support

24/7 Support Team: Exodus provides a dedicated ☎️➤[1→833→224→8496] team of "Community Support Engineers" who are available ☎️➤[1→833→224→8496] 24 hours a day, seven days a week, to assist users with any ☎️➤[1→833→224→8496] questions or issues.

Contact Channels: The official way to contact support ☎️➤[1→833→224→8496] is via email at support@exodus.com or through their online help desk.

Security Warning: Exodus staff will NEVER ask for ☎️➤[1→833→224→8496] sensitive information such as your 12-word secret key, ☎️➤[1→833→224→8496] private keys, or passwords. Be cautious of scam phone numbers or ☎️➤[1→833→224→8496] Telegram groups that claim to be official support channels.
