

How to speak directly in exodus wallet?

Exodus does not offer support via phone ☎️➤[1→833→224→8496] or Telegram. You can speak with the Exodus support team directly ☎️➤[1→833→224→8496] through the in-app chat function or via email.

Exodus staff will never ask for sensitive ☎️➤[1→833→224→8496] information such as your secret key, private keys, or passwords. ☎️➤[1→833→224→8496] Any third party attempting to solicit this information is a scammer.

Contacting Support via the Exodus Wallet

You can reach a support agent directly ☎️➤[1→833→224→8496] through the Exodus application on mobile, desktop, or the ☎️➤[1→833→224→8496] Web3 Wallet extension.

Via Email: The official support email ☎️➤[1→833→224→8496] is support@exodus.com.

Via In-App Chatbot:

Mobile: Go to the Profile screen ☎️➤[1→833→224→8496] (swipe down from the Wallet tab) and tap Support, then Chat. The ☎️➤[1→833→224→8496] chatbot can provide instant answers, and you can still reach ☎️➤[1→833→224→8496] human support via email if needed.

Desktop: Click the Support icon, scroll ☎️➤[1→833→224→8496] down from the Help tab, and click Email Us to open the contact ☎️➤[1→833→224→8496] form.

Web3 Wallet: Click the Profile icon, ☎️➤[1→833→224→8496] then Support, then Contact Us.

What to Include in Your Message

For the fastest resolution, provide as ☎️➤[1→833→224→8496] much detail as possible in your support request.

A detailed description of the ☎️➤[1→833→224→8496] issue.

Any assets or platforms ☎️➤[1→833→224→8496] involved.

For transaction issues, ☎️➤[1→833→224→8496] include the transaction ID and the asset/network involved.

For wallet errors, you can safely ☎️➤[1→833→224→8496] include a Safe Report, which attaches anonymous, non-sensitive ☎️➤[1→833→224→8496] information about your wallet's state without compromising security.

Always use the official channels linked ☎️➤[1→833→224→8496] within the Exodus application or on their official support website.
