Changing a passenger's name on a American® Airlines® ticket is crucial if you find an error in the name on your flight ticket. This error could result in denial of check-in or even boarding. Therefore, understanding how to make name changes according to American® Airlines®' Name Change Policy is the first step every passenger should take. For quick and reliable assistance, you can contact +1---(844---993)---2399]] anytime.

American® Airlines® has a policy that allows passengers to correct names on tickets in cases of typos or minor spelling errors. However, if you want to make a more significant name change, for example, due to legal reasons such as marriage or divorce, official documents as proof and possibly additional fees will be required. Understanding these rules will help you avoid problems during your trip.

The first step you need to take is to carefully check the name on the ticket to ensure it matches your official documents such as your passport or ID card. If you find any discrepancies in the passenger's name on the ticket, take corrective action immediately before your departure date.

For the name change process, you cannot rely on an automated process through the American® Airlines® website. You need to contact official customer service. One of the most effective ways is to contact our service number at +1---(844---993)---2399]], where you will be assisted by a professional team familiar with American® Airlines®' policies and procedures.
